# Our Vision and Intent

The Good Samaritan Network (GSN) serves as a vital force in Hamilton County, dedicated to supporting individuals and families in times of emergency or crisis. Through both direct service delivery and strategic collaboration with a broad network of partner organizations, GSN addresses immediate needs while fostering long-term stability and self-sufficiency.

At the core of GSN's mission is a commitment to meeting basic needs, including food assistance, financial assistance and support for shelter and homelessness, as well as access to health, employment, and community resources. These essential services are designed not only to provide relief in times of crisis but also to help individuals and families build pathways toward stability and independence.

What sets the Good Samaritan Network apart is its unique dual approach: providing direct aid to residents while also acting as the central hub for nonprofit coordination across the county. This central role enhances communication, promotes efficiency, and drives collaboration among agencies, schools, businesses, faith-based organizations, and volunteers.

As a sponsor, your name will be prominently featured on our website, in our promotional materials, and during the event itself. You and your guests will enjoy a wonderful holiday evening full of festivities! Most importantly, your support will have a significant impact on the lives of friends and neighbors in our community who need help the most.

All Our Best!
